LEARNING OPPORTUNITIES

FAMILY ETHOS

Our families have chosen to educate their children themselves, and are therefore included in the learning process, not standing by watching.

Beach Academy classes are structured learning. Printed resources are common to support learners of all ages and then used to reinforce learning at home.

KEEPING CONNECTED...

SCHOOL HOLS AND WEEKENDS

Learning doesn't stop. During school holidays and weekends, whilst there are no dedicated 'Home Ed Beach Academy' classes, Home Ed families are welcome to join in any of the other lessons, field trips, events, trails, kids clubs and more that are available to all. Simply book your places.
